

## JOIN OUR TEAM | CAREERS AT LEVIATE AIR GROUP

*Updated as of 05/06/2021*

### Position Available

#### Chief Pilot

*Type: Full Time*

### Essential Job Functions

- Responsible for ensuring that all company airmen remain legally qualified to serve as safe, proficient, and competent flight crewmembers.
- Helps ensure that all pilots operate Company aircraft in accordance with the standards under which they were trained and practice those training habits in their daily routine.
- Has deep knowledge and respect for the duties and responsibilities of the line pilot and assists them as necessary to succeed in those roles.
- Act as a direct liaison between line pilots and Leviate Air Group management team.
- Maintains a proactive focus on pilot staffing needs and recommends staffing level adjustments to maintain optimal operational efficiency and regulatory compliance.
- Holds routine Pilot meetings.
- Fulfills line pilot duties as needed on CE560XL aircraft.

### Professional Requirements

- Satisfies the Management Personnel requirements of 14 CFR 119.7 for Chief Pilot
- FAA ATP Rating
- Current First Class Medical
- Minimum of 3500 hours Total Time
- Minimum of 1500 hours PIC
- CE560XL Type Rating
- 250 hours PIC Time in Type
- Prior Part 135 experience
- Thorough understanding of OpsSpecs
- Prior experience leading a pilot team preferred

We are working with a reputable and growing Part 135 operation, Leviate Air Group, to find a Chief Pilot to be based out of their Dallas headquarters. Leviate Air Group is an ARGUS Platinum certified operation. This position reports to the Director of Operations.
